Lowboy Fork Lowering Kits

Kits have progressively wound springs that resist bottoming out. Installation requires minor disassembly to lower the front forks 1 1/4" or 2" depending on the spacer used. Each kit includes springs, spacers and hardware. Stock ground clearance is maintained with forks fully compressed. May be converted back to stock by reinstalling the OEM springs.

82124 (41mm) FXWG 1980-86

82129 (35mm) FXR-FX-XL 1975-87, Showa & Kayaba

Fork Springs

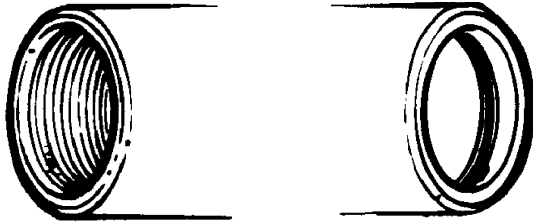

Progressively wound springs are made using the finest drawn spring wire. Eliminates front end sag, reduces nose dive under braking and improves stability.

PCP Size Application

82083 35mm 1975-87 Showa

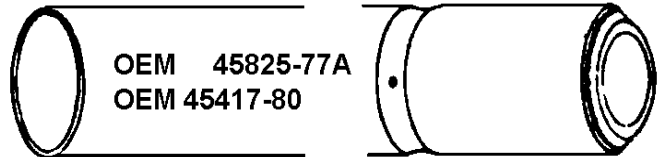

Fork Tubes

H.D. 74" & 80" FL & FLH Late 77 & Later (Showa). To identify Showa tubes internally the tube has a groove around the bottom. Externally the lower fork sliders flare out at the bottom and the top bolt has metric threads.

Handlebar Mount Kits

Handlebar Damper Kit

A rubber handlebar mounting rebuilding kit complete with handlebar spacers, cup washers and rubber bushings for all Harley models 1973-84. Each kit mounts one set of handlebars. OEM 56153-73, 56158-73 and 56159-73.

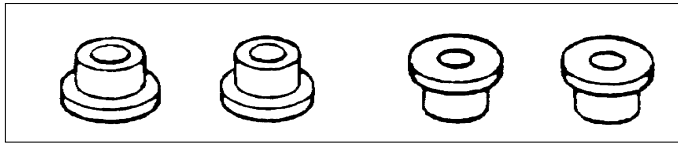

1795 Kit with zinc washers FX-XL-FXWG

51002 As above chrome washers

Nylon Handlebar Damper Kit

Machined white nylon, provides a stiffer, dampening action, and longer life for all FX-XL 1973-84.

4822 Kit with zinc plated washers

Handlebar Damper Bushings

Sold in sets of 4 to replace OEM rubber type.

51008 FXE, FLT 1948-85, FXR 1982-94 (56158-73)

Riser to Top Tree Dampner 1949-72

PCP Description

3804 FL handlebar dampners STD size (56158-49) (pair)

18618 Handlebar bushing +.007 O.S. (pair)

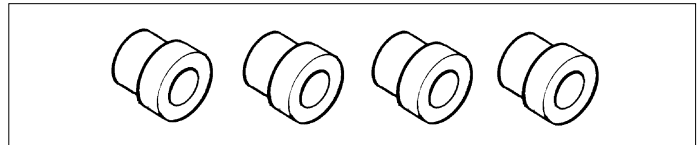

4509 Riser-dampner rubber bushing washer only FL-XL (56159-49) (pair)

Handlebar Cable Cover

An exact reproduction of a long-obsolete original equipment part, this cover fits between handlebar and fork on 49-59 Harleys. It streamlines the appearance between handlebars and the top of the triple tree, and protects wiring and cables.

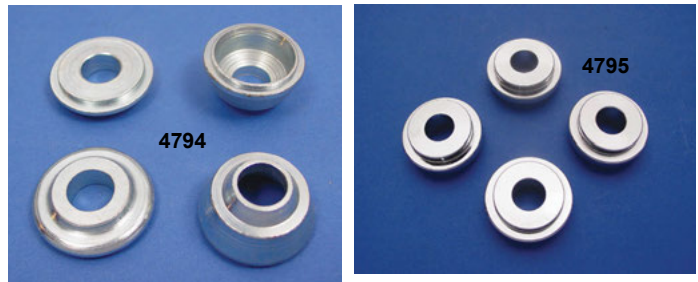

4506 56600-49

Handle Bar Bushings

American made bushings consist of vibration absorbent polyurethane for 25% stiffer construction than stock rubber units. Four piece set fits FX, FXR, XL 1973-on. Replaces OEM 53156-86 & 56158-86.

51003

Solid Handlebar Mount Kits for Harley

Designed to eliminate rubber-mounted handlebars. Will fit all top fork trees. Easy to install and highly recommended when installing high bars and/or risers.

4794 1962-84 FL, 1979-84 FLT, 1984-on FLT
