440 Series I.A.S. Shocks (Inertia Active System)

I.A.S. allows the shock to respond better to sudden movements of the rear wheel without transmitting the jolts to the rider. The inertia sensitive dampening system optimizes handling and comfort. The inertia valve determines whether the wheel circuit or the chassis circuit is utilized. All circuits are velocity sensitive. Shocks feature polished and anodized billet aluminum end covers, easy adjustable spring pre-load and high pressure gas charged for fade free operation.

Dura AEE Series Shock Sets for FLH-FLHT

AEE series shock sets for FLH-FLHT 80-05 are nitrogen charged with multi stage dampening and adjustable spring load. All shocks are measured eyelet to eyelet and feature chrome springs and caps with black body. Stock length = 13" for FLH, FXRT 83-94, FXRS-FXLR 87-94 and FXD 91-08. Stock length is 12.5" for FXRD 84-94.

11.5"	13"	13.5"	14.25"
83521	83523	83524	83525

83518

Chrome Low Touring Shocks

Shocks will lower the seat height up to 3/4". The air adjustability feature of the stock shocks is retained for a comfortable ride.

PCP	Model
83518	FLT, FLHT, FLHS, FLTR, FLHR 97-08 (54631-02B)
83519	FLT, FLHT, FLHS, FLTR and FLHR 91-01 (54631-98)
23025	Rubber boot set 97-12

Chrome Billet Shocks FXST-FLST 89-99

Smaller, 2" O.D. allows more room for custom installation.

83508	11" C/C
83510	00-on 1.5" Shorter than stock

Warning: Installing a lowering kit or shorter shocks will decrease initial ground clearance. The motorcycle will be lower to the ground and care should be taken to avoid bottoming, especially over bumps and in turns.

Shocks

XL Black Lower Shocks

PCP	Size	Application
83537	1" Lower	XL 883 06-10, 1200C 09-on (11.5")
83538	2-1/4" Lower	XL 06-on (gloss finish) (10-1/4")

1" Lower Rear Shocks

These shocks with chrome plated springs and body caps can be used to lower the seat height by 1". Shocks feature a suspension preload that is adjustable for rider and passenger load. Does not lower XL Hugger or Custom models.

59712 Sportster 883/DLX, 1200 91-05 (Not XL 1200L) and 883R 92-05 (54733-04)

Shock Sets for Sportster

Includes chrome springs.

PCP	OEM	Length	Fits
83516	54568-82	12.5"	XL-XLS-XLX 82-87 XLH 883 Hugger 88-90
83513	54568-04	13.38"	XL 1200 04-08

XL Shocks 91-03

XL shocks feature chrome springs and are 11.75" from eye to eye to provide a 1" lower seat height.

59029 54568-92

Big Twin Complete 4 Piece Kickstand Mounting Kit

Works on all Big Twins 36-on. Includes kickstand mount spring leg stop and spring plate. Chrome plated.

4399

Acorn Kickstand Mounting Kit

Fits Big Twin 4 speed 36-86 except softail models.

1803

BT Adjustable Kickstand Stop

The chrome steel kickstand stop eliminates the need for glue on rubber bumper pad while protecting the primary case. A nylon tipped set screw allows easy adjustment for proper kickstand position. Fits FL/FX 4 speed 58-84 (not FXWG) & FXST 89-06

27141

Kickstand Lowering Wedge

Fits under BT mount bracket to change angle of bracket and assembly when using shock and fork lowering kits.

27043

Chrome Jiffy Stand Bracket Cover

Chrome cover hides the stock black bracket on Touring 96-07. Cover works with fairing lowers. No hardware is supplied with this cover.

29676 50251-01

Motor Mounts

The Tour Torque Linkage System

Fits all Touring models and no modifications are necessary to install. Eliminates lateral movement while still allowing the ISO mounted factory design of the "floating" drive chain to move vertically through connecting the rear of the transmission case to the frame. The kit uses an isolation kit with an urethane plunger so there is no contact between the frame and the engine trans assembly, therefore reducing vibration. Chrome kit features chromed outer mount bracket as well.

PCP Finish

21879 Black 93-08

21880 Chrome 93-08

21922 Black 09-on

73751 Foot peg spacer set required for installation on 93-01 models. Must be purchased separately, not included in kits

BT Chrome Motor Mount

Replaces stock mount in BT rubber mounted engines. 20% reduction in transmitted vibration from urethane formulated compounds with enhanced compression and rebound dampening properties. Fits FLT 79-08 and FXR 82-94.

40060

FLT-FXR Motor Mount Components

PCP Description

40021 Front mount, black 79-08 (16207-79B)

40060 Sifton, as above with 20% vibration reduction

40022 Front mount, chromed 79-08 (16207-79B)

40019 Chrome stabilizer link, upper or lower FLT, FLHT 79-08, FXR 82-94, upper on Dyna 91-94 (16219-79B)

40020 Zinc upper stabilizer Dyna 95-17 (16258-95A)

40063 Chrome upper stabilizer Dyna 95-17 (16258-95B)

21000 Front bracket FLT 79-08, FXR 84-94 and 1999 (47159-79A)

Velva-Ride Motor Mounts

Replaces stock mount on all BT engines. Provides a 20% reduction in vibration due to its urethane formulated compounds that offer enhanced compression and rebound dampening properties.

30056 Fits FLT 80-08, FXR 82-94, FXD 91-on rubber mount engines

ISO Mount Kit FLT 79-08 and FXR 82-94

Use this kit to dampen extreme movement on front motor mount cushion.

40116

Chrome Velva-Ride Engine Stabilizer

Features a steel body with a urethane dampening plunger which together acts as a mini-shock absorber. Fits FLT 79-08, FXD 91-14 and FXR 82-94

40054

59065	88-94	Brake side

1/2" I.D. Shift Shaft Cover

Chrome acorn style cover to fit over unused shifter shaft in primary cover when installing forward controls.

12609 Sold Each

FXST Forward Controls

FXST Forward Control Kits

Chrome plated OEM type replacement includes brake pedal, mount plate, plunger and related hardware. Equipped with a lower mount slave cylinder. Features tab with square hole to accept spark plug type master cylinder.

Master cylinder not included.

PCP Years/Model

90313 FXST 87-89

Billet Forward Control Set FXST 87-99

Includes shift and brake side controls, stock length with rods included. Use with existing mid mount master cylinder on FXST models.

90334

Extended Forward Controls for FXST Models

Designed for big bikers over 6 ft. tall. These chrome plated units extend the foot pegs 4" forward and keep the right and left peg parallel while retaining stock peg to pedal distance. Utilizes stock brake pedal shifter arm and lever. Brake and shifter plate supplied in heavy 5/16" steel along with longer brake and shift rods. Can be installed in 1 hour for FXST, FXSTC and FXSTS.

90305 86-E87 Ext. kit (will not clear stock filter)

90306 87-99 Ext. kit

***Note:** Above models fit 1986 models when oil filter on shift side is re-located. Can fit 84-85 models if master cylinder bracket is fabricated and welded in place.

Chrome Billet Forward Control Kit

Includes bullet foot pegs and a 3/4" master cylinder. Order shifter rod, brake lines & kickstand assembly separately.

90355

FXST Forward Controls

FXST Replica Forward Shifter Kit

Complete kit with all hardware necessary for installation FXST 85-99 models. Use in conjunction with our FXST Replica Controls, as all kits place pegs in a forward position parallel to the peg on brake side. Foot rests on peg while shifting for added comfort. Kit includes chrome heavy duty shifter bracket, inner lever shifter lever, rod, rubber shift peg and foot peg, display packaged and labelled with detailed instructions and assembly diagram for each model listed below.

90225 FXST 5 speed 85-89

FXST Chrome Forward Brake Controls

Forward brake control kit replaces original equipment on L87-on Softail models. Kits includes: rear brake control, footpegs, and mounting hardware. Retain original master cylinder and linkage for use with new kit.

PCP	Description
90218	FXST L87-88
90219	FXST 89-on

FXST Forward Brake Control Kits

For use on all BT 70-99 with Shovel or Evo engines equipped with hydraulic disc or drum brakes. Designed after the 84-99 FXST which places the driver peg in back of the brake pedal, so the brake is easier to operate from this position. Redesigned to accept a Wagner or Kelsey-Hayes style master cylinder or a new GMA master cylinder. Also available with chrome KH or Wagner style masters hardware. Kits include linkage pedal mount plate and rubber covered footpeg.

PCP Description

- 6309** Complete kit w/Kelsey type master cylinder
- 6308** Complete kit w/Wagner type master cylinder
- 46821** Brake pedal for above

Note: Kits use Russell stainless lines PCP **#49800** front and **#49802** from junction to rear caliper. Use tee **# 3370**.

FXD Chrome Billet Forward Control Set

Fits 91-05 FXD and 93-02 FXDWG includes left and right sides. This kit will utilize stock master cylinder in the original position. Included rod fits directly to master cylinder. Kit includes rubber belted pegs but shift rod must be ordered separately.

Pegs & Mounts

Sportster® Forward Peg Set

Complete with a pair of chrome O-ring footpegs and all of the necessary hardware for the newer alternator equipped models. This peg set mounts between the lower engine mounts. The mount will accept most female mounting pegs.

4446 Fit Sportster® models from late 84-03

3-Piece Frame Bracket

Chrome-plated, super heavy-duty clamps. The unique 3-piece design eliminates spreading the clamp to fit over frames and safety bars for quick easy installation and a long-lasting custom appearance.

3-Piece Frame Clamps (Sold in Pairs)

PCP	Size (for 1/2" Peg Mounts)
3219	7/8" Clamp

39240

Sportster Adjustable Highway Peg Kit

Fits XL late 84-on with alternator. Kit includes: right and left chrome supports with Cats Paw pegs that adjust into three height positions; to fit with engine guard kit. Not XL 883C/1200C 99-on.

39240 85-03 (49503-96)

59586 04-on with mid controls

3-Piece Frame Bracket

Chrome super heavy duty clamps feature a 3 piece design that eliminates the need to spread the clamp over frames and safety bars. These custom look clamps install quickly and easily. 3/8" Mount Hole.

PCP	I.D.
44046	1"
44047	1-1/8"
44048	1-1/4"

XL Chrome Adjustable Highway Peg Mounts

Kit includes chrome adjustable mounting arms and clevises, black mounting brackets and required mounting hardware. Can be mounted in three pre-set positions and accepts most standard male mount pegs. Fits Sportster 04-13.

71036

Extended Pegs

1" longer than stock made yoke end pegs, fits FX & FXST passenger pegs and FXST, FXWG driver peg. Sold in pairs.

Pegs & Mounts

Live to Ride Foot Pegs

Beautifully chrome plated, large driver foot pegs "Live to Ride" rubber insert. Solid peg. Looks great.

39500 Pair

Passenger Peg Relocation Brackets for FXST

These chrome brackets install quickly and easily under the stock mounting screws that attach the fender struts to the frame on Softail® models. They relocate the OEM passenger footpegs to a more comfortable position for passengers who like to lean back against the sissybar. They fit all FXST models 1986-06. Sold in pairs.

39152 FXST & FLST 84-06 (footpegs not included).

Rear Peg Relocation Kit FXST 84-99

Includes chrome brackets and Cats Paw soft pegs.

39244

Krome-Railers

These are designed with chrome body with rubber "rails" inserted for good grip. Peg diameter is mid size between small and large diameter pegs.

51204 Handle bar grips

39014 Male pegs, large, FXR driver (1-1/2" o.d.)

39015 Male pegs (1-1/4" o.d.) small & FXST driver

39016 Female pegs, large driver

39017 Shift peg

39013 Female pegs for 5/8" square bars

39201 Kicker pedal

Cushion Footpegs

Two larger than stock footpeg sets use the vibration-absorbing technology of the OEM FXR footpegs. The FXR version is longer than the stock footpegs and has the male shanks at an angle that insures maximum vibration absorption. The other version is approximately 1 1/2" longer than stock footpegs and may be used with any stock female clevis. They work extremely well on FXWG and FXST models. Both versions have chrome end caps. Sold in pairs.

39010 Fit the front of all FXWG, Softail® models, & Dyna Wide Glides (except Heritage and Fat Boy®) from 80-on, or any female footpeg clevis.

39011 Fit all FXR's (except FXRD and FXRP) from 82-94 as well as Dyna Glide™ and 5-speed Sportsters® 91-on (except Dyna Wide Glide)
